Thank you for buying PBR 200 Premium Materials!

"PBR 200 Premium Materials" your ultimate solution for enhancing the visual appeal of your Unity projects. This extraordinary asset package comes packed with a staggering collection of 200 high-quality PBR materials, each meticulously crafted to breathe life into your creations.

Key Features:

200 Premium PBR Materials: Unleash your creative potential with a versatile range of 200 PBR materials. Whether you're working on a game, architectural visualization, or any 3D project, you'll find the perfect material to elevate your work.

High-Quality Textures: Each PBR material in this collection is equipped with three essential textures, ensuring top-notch quality. The 'BaseMap' texture provides the foundation for your material's appearance, while the 'MaskMap' and 'Normal' textures add depth and detail to make your assets truly stand out.

Realistic Rendering: Achieve stunning realism with Physically Based Rendering (PBR) materials. These materials respond to light and environmental conditions, resulting in a lifelike appearance that enhances the immersion of your projects.

Easy Integration: Seamlessly integrate these materials into your Unity project with user-friendly features. You'll be amazed at how effortlessly you can apply these materials to your 3D models, terrains, and more.

Technical specifications:

- Number of Unique Meshes 1.
- Number of polygons 3968.
- Texture size (2048 x 2048).
- Types of texture maps – BaseMap, Normal, MaskMap.

The package contains:

- 1 Fbx models
- 1 prefabs with colliders
- 600 High Quality Textures (2048 x 2048)
- 2 demo scenes

The package contains 200 PBR Materials.
